interest distributed to customers subject to a direct bill and \$5,673,375.62 inclusive of interest distributed to customers subject to a throughput surcharge.

El Paso states that copies of the document were served upon all interstate pipeline system customers who received a refund distribution and affected state regulatory commissions in accordance with the requirements of Section 385.2010 of the Commission's Rules of Practice and Procedure. El Paso states that each customer received its pertinent detail (included in Volume No. 2) when refunds were distributed. El Paso states that it was not furnishing the complete Volume No. 2 to all customers due to the voluminous nature of such material.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before March 31, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

BILLING CODE 6717-01-M

order to substantiate a contention of underpayment.

The Commission's September 10 order on remand from the D.C. Circuit Court of Appeals³ directed first sellers under the NGPA to make Kansas ad valorem tax refunds, with interest, for the period from 1983 to 1988.

National seeks relief based on the following grounds:

1. National no longer owns certain wells (the Eaton and the Langhofer). The working interest owners have died and their heirs have declined to make restitution to National for any overpayment.

2. Overwhelmed with the necessity of finding the old records and calculating the refunds to be requested National's bookkeeper of 15 years resigned in September of 1997.

3. The principal amount due from National, as operator has been tendered to Panhandle Eastern Pipeline Company.

4. That part of the principal amount applicable to National, as operator, has been offered to Enron in escrow. National requests approval of the escrow amount proposed for Enron, (\$15,122.65) if accepted by Enron. National contends that certain wells—the #1 Harvey and the #1 Eaton were not receiving the maximum lawful price for the years 1971, 1972, 1973, 1974, and 1979 through 1992 and therefore are obligated for no refund in any event.

Any person desiring to be heard or to make any protest with reference to said petition should on or before 15 days after the date of publication in the **Federal Register** of this notice, file with the Federal Energy regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214, 385.211, 385.1105, and 385.1106). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.
